

B00572 Glypho Kill 18

Herbicides

Description

This product is a concentrated herbicide intended to control a broad spectrum of emerged annual and perennial weed species. It will control unwanted species of grass, sedge, broadleaf weeds, and certain woody species around trees, shrubs, and fences. This product has no residual soil activity and thus will not affect nearby untreated plants.

- Water-Based, Ready-to-Use
- 18.0% Glyphosate
- Nonselective – Kills Roots & all Foliage in 2-4 Weeks
- Nonsterilant – Inactivated Upon Soil Contact; No Residual Activity
