

Automatic Scrubbers

MSR-17E

MSR-17E & MSR-17B

The MSR-17E electric and MSR-17B battery units are belt driven and designed for smooth, quiet and trouble-free operation.

Easy to maneuver around tight corners, down narrow aisles, they will clean large floor areas fast, effectively and thoroughly.

All controls are conveniently located on the handle. Separate ON/OFF switches control the brushes and vacuum. Solution is dispensed with a trigger.

Free floating 17" brush cleans up to 10,000 sq. ft. per hour and adapts to uneven surfaces for more effective cleaning.

Rear mounted 31.5" squeegee with air groove blades covers the entire cleaning path.

Heavy-duty rotationally molded solution and recovery tanks are built to withstand years of professional use.

Large opening in solution tank and rapid drain hose keeps refilling time to a minimum.

The handle adjusts to operator height and folds for transport and storage.

Self adjusting belt tension spring is designed for smooth, quiet and trouble-free operation.

specifications

MSR-17E Electric (433063)

Cleaning Path: 17"
Vacuum Motor:
120 Volt, 60 H; 1200 Watts;
Waterlift: 73"
Brush Motor: 750 Watts
Brush Size: 17" Rotating
Brush Speed: 180 RPM
Brush Pressure: 80 Lbs
Squeegee Width: 31.5"
Tank Capacity:
9.25 Gallon Solution & Recovery
Solution Flow:
Adjustable (0 - 7 Gal Per Minute)
Includes: One 17" Brush

MSR-17B Battery (457051)

Cleaning Path: 17"
Vacuum Motor: 500 Watts
Brush Motor: 1000 Watts
Brush Size: 17" Rotary
Brush Speed: 135 RPM
Brush Pressure: 119 Lbs
Squeegee Width: 31.5"
Tank Capacity:
7.8 Gallon Solution
10.4 Gallon Recovery
Includes:
24V Automatic Battery Charge;
One 17" Brush
**Battery Requirements:*
Two - 12 V, 115 AMP Hour
(438278)
**Not Included*

30

MSR-15E

MSR-15E Electric

Easy to use, the Surfer™ washes, scrubs and squeegees floors, leaving them clean and dry.

Cleans up to 6,000 square feet per hour, on resilient floor tile, vinyl, ceramic tile, stone, quarry and clay tiles.

The durable rotationally molded polyethylene tank is removable, with shared solution/recovery bladder system and drain port.

All controls are conveniently located on the handle. Separate ON/OFF switches control the brushes and vacuum. Solution is dispensed with a trigger.

Operates in both forward and reverse, reducing labor, time and effort while providing more effective cleaning.

Two quick release brushes wash and scrub on most hard floor surfaces.

Unique design of two quick release squeegees with vacuum shoes, dries the entire cleaning path both in forward and reverse.

The telescoping handle is molded of durable plastic, adjusts to operator height and folds for transport or storage.

specifications

MSR-15E (408484)

Scrub Path: 13.5"
Vacuum Path: 15.5"
Capacity:
3.5 Gallon Solution
4 Gallon Recovery
Vacuum Motor: 850 Watts
Brush Motor: 200 Watts
Brush Speed: 200 RPM
Brush Pressure: 22 Lbs
Power Cord:
25 Feet, 3 Wire Grounded
Storage Dimensions:
15" W X 22" L X 16" H
Includes:
Two - 6.5" Counter Rotating
Scrub Brushes
Optional:
Pad Driver - Two Required
